Interior FCU's Winter 2018 Newsletter

In 2017, the Credit Union continued to add new products and services, grow the membership, cut fees and increase deposits and loans. The progress in all these areas enabled Interior FCU to meet the goals and objectives set by the Board of Directors.

Interior FCU was successful in maintaining low loan rates and high deposit rates compared to market rates throughout the year, and starting in October 2017, offered a 25 basis point "bonus" rate on share certificates. This offer is being extended into January 2018. Earlier in 2017, Interior FCU increased the money market rate and decreased the rate on the most popular used auto loan term. Interior FCU anticipates increasing rates even higher for the money market account starting February 1, 2018. Offering a great value to the membership is a top priority of your Board of Directors.
