Member Survey

Every couple of years, we email our members a Member Survey. The next survey will be sent out during the fall of 2015. We would like to thank all of our members who participated in our recent Visa survey. We appreciate your feedback as we update our Visa Cards to Chip technology.

EMV (Chip Technology) Credit Cards

For merchants and financial institutions, the switch to EMV means adding new in-store technology and internal processing systems, and complying with new liability rules. The shift to EMV is well underway. We are in the conversion queue. Our current card holders will receive a new card closer to the implementation date, currently scheduled for early 2016.
